

**APPLICATION FORM AND PROCEDURE FOR REMOVAL OF REFRIGERATORS,  
FREEZERS, AIR CONDITIONERS, AND DEHUMIDIFIERS**

Due to the enactment of NYS Senate Law #7589 amending Section 360 of the Clean Air Act, the disposal of appliances containing chlorofluorocarbons can no longer be provided to Village residents free of charge.

The law requires that chlorofluorocarbons be removed from these appliances by qualified technicians. To assist Village residents with the disposal of such appliances the Village has contracted with qualified technicians to perform the work of chlorofluorocarbons disposal.

If you wish to take advantage of this service, please follow these procedures:

**For appliance pick-up** – Call the Department of Public Works – 271-3775 – Monday to Friday 7:30 AM – 3:30 PM

The fee is \$30 per appliance. Make check payable to: **Village of Croton-on-Hudson**. This can be done through the mail.

You will receive a sticker for each appliance authorizing the Department of Public works to pick up the appliance(s) listed on your application.

Affix sticker to **visible** area of each appliance. An appliance without a **visible** sticker will **not** be picked up.

If your payment is received before 2:30 PM on Tuesday, your pick-up will be made on Wednesday unless otherwise noted on the Garbage Holiday Schedule.
